## Editorial

As a student at Massachusetts School of Art have you been introduced to the elusive Mr. S.S.?

It is quite possible that he has passed you by, for he is not the most popular member of our society.

His features are not outstanding. He is of average height and weight, but his out look is optimistic even in the face of adversity. He is rather shy but when he is completely accepted his strength of character appears.

It was he who first opened the door to the Student Association. He is still with us hoping never to leave. He is always luring the students of this institution to join him in supporting the Student Association so that it may successfully continue in the years to come.

Mr. S. S. is School Spirit here at Massachusetts School of Art . . . Let's make him well known!

# *Student Association History*

The present Student Association was organized in 1922 on a plan presented to the school by the principal, Dr. Royal B. Farnum. While it is not precisely a Student Government, the Association has many of the functions of such an organization and is an integral factor in student life. It is primarily an agency for the promotion and supervision of social life and extra-curricular activities and it has sole control of the financial affairs involved in student enterprises.

The political structure of the Association consists of two inter-related units: the Council of the Whole and the Advisory Board. The Council of the Whole is the entire membership of the Association. The legislative power is vested in this Council, and it must pass on all amendments to the Association's constitution and may make decisions on important questions affecting the policy of the Association. The executive power is possessed by the Advisory Board. This Board includes the Association officers, the class presidents, and a faculty committee. It has the general direction of all student activities.

## *General Information*

### School Policies

The Massachusetts School of Art is a professional school on a college level. It is the desire of the Administration to have as few rules as possible and still maintain the high educational standards rightly expected of a degree-granting institution.

Students are expected to have a serious attitude toward their work. The desire to become a successful, creative individual in the professional art field should be manifested by the student reporting to class on time and remaining for the entire period scheduled on the program. It is inevitable that irregular class attendance will be reflected in the achievement of a student. A qual-

ity point average of 2 must be maintained for promotion and graduation. Students must accept responsibility in clearing deficiencies, under the guidance of the instructor concerned, and within the prescribed time. Repeated tardiness, irregular attendance or unsatisfactory work will make necessary the student's withdrawing from school.

Due to the nature of the school work, there are no "cuts" allowed as in some other colleges. If it is necessary for a student to be absent, the student should consult the Dean who will give guidance for the proper procedure to be followed.

All students must keep their materials and clothing in their own lockers. Lockers must be kept locked. The school will not be responsible for the loss of clothing, money or other valuables.

Because the office telephones are for official use only, students should not ask to have personal messages sent here for them. All personal mail should be sent to the student's home and not to the school.

The cooperation of each student is sought in keeping every part of the building clean and attractive.

Bulletin boards have posted on them information of importance and interest to students. On the board outside the Dean's office will be posted official notices to students. On the bulletin board on the A floor will be current information pertaining to student activities. Students should consult these boards daily.

Every student is free to take advantage of the friendly guidance offered him. Whether his problems be academic, social or personal, the administrative officers are prepared to give sympathetic counseling.

When inclement weather makes the closing of school necessary, an announcement to that effect is made over station WBZ and WNAC at 7:00 a.m. or shortly after.

One area has been designated for the students to use as a smoking room. It is on the basement floor at the rear of the building. Smoking by students is prohibited in all other areas of the building. Violation of this rule is grounds for dismissal.

## *Parking Regulations—1956-7*

All students who drive cars and use the parking area at the rear of the school, regularly or periodically, must procure an official sticker at the school store. Cars which do not have the said sticker after the first week of school will be barred from the parking area.

1. All faculty and students using this area must purchase an official sticker. All cars entering the parking area will be checked daily.

2. Purchase of said sticker costs 75c and may be made by first buying a chit at the school store. The chit should then be presented at Mrs. Bethany's office. (President's Secretary) where the registration, make of the car, etc. will be recorded and the sticker issued.

3. The sticker, bearing a number, should be adhered to the right front side window of the car.

4. Cars are to be parked only in the areas designated by the painted white lines. Violation of this regulation will carry a first warning. A second violation will result in a loss of the sticker and the right to park at the rear of the building.

5. The gates to the parking area will be locked at night. Cars are not to be parked or left in this area over night.

6. There will be a few more stickers sold than there are parking stalls in this area. The possession of a sticker does not guarantee the owner a parking space. If a driver finds that the lot is filled, he must park outside the area.

Please remember that in January 1957 your new registration number must be recorded with Mrs. Bethany.

## *Library Regulations*

### **Library Hours**

The library is open on school days from 8:45 a.m. to 4:30 p.m. It is closed during any assembly period, and closed during the Librarian's lunch period—12:20 to 1:05 p.m.

### **General Rules for Library Use**

1. Quiet should be observed in the library at all times. When a student comes to the library, he comes to study; such conversation or consultation, as may be necessary, should be carried on with the utmost consideration for all present.
2. Fountain pens may be filled at the librarian's desk when necessary, but should be kept carefully away from books and plates.
3. Water colors may be used in the library, provided always that the strictest care is observed in their use on, or with, library property.
4. Tracing from plates, or reference books, is not permitted except by consultation with librarian. Transparent plastic sheets must be used.

5. No eating is permitted in the library.
6. Students have access to all books and portfolios on the shelves. Much of our material is expensive, much cannot be duplicated because of its character or expense, and all of it is State property made available freely for you. It is expected that all students will cooperate in its careful use, and that it will be returned on time to the librarian's desk, if, you are not sure where it belongs. A misplaced book costs time!

### Reserve Books

Reserve books are taken from the shelves and placed between book-ends on a table at an instructor's request. These books are restricted for the use of a particular group and cannot be borrowed by the school at large. They may be borrowed by members of the group over night and returned promptly by 9:00 a.m. the next morning having been signed for as usual at the desk. Books may be reserved in advance by applying to the librarian. Such books should not be taken if a student is not to be in school the next day, nor should the books be passed from one student to another.

### Overdue Notices

For "overdue" material, students will be sent for personally by the librarian. There are no fines, but for this very reason, students are expected to be prompt and considerate in returning material. Carelessness may result in the loss of library privileges. Under no circumstances should books or other material be taken from the library without charging at the desk.

Students are asked to report books or plates "lost" or "found" to the librarian immediately.

Seniors must clear all library obligations by **THURSDAY** preceding Commencement.

The library is a carefully selected source of information for you. If you do not find what you want on the shelves or in the catalog, **ASK THE LIBRARIAN.**

### **Circulation of Books and Plates**

Books may usually circulate for one week and are charged at the librarian's desk by the librarian. If not in demand, the book may be renewed for one additional week. The circulation period and number of books allowed one student is limited at the discretion of the librarian.

### **Plates and Clippings**

Plates and clippings from the **Information File** may be borrowed by signing for them on the individual student's card in the black box on the librarian's desk. When returned to the desk, this material will be **discharged by the librarian while the student waits.** Care should be taken by the student to keep all such material clean and intact.

### **Magazines**

Magazines do not leave the library except by special permission. Back numbers may be consulted by asking for them at the desk.

### **Reference Books**

The restriction as to "Ref" and "R" may be lifted at the discretion of the librarian or at the request of an instructor. **ALWAYS ASK** about material marked in this manner.

Until further notice, books on **ANATOMY** and **HISTORIC COSTUME** do not leave the library.

Juvenile books, which are kept in a special collection marked "Children's Literature," may be borrowed by asking at the librarian's desk.
